

**EDISON STATE COLLEGE
NETWORK SPECIALIST
Certificate Code: PSVC NETW**

The Network Specialist College Certificate is designed to prepare students for entry level employment as a local area network (LAN) administrator. Upon completion of this program, students will be able to design, implement and manage local area network clients and servers.

The students will be trained utilizing industry standards, business platforms and operating systems. To enable the student to work effectively in modern business environments, the program stresses the development of skills in written and oral communication, human relations, management and business operations. Course work in this program articulates into the Associate in Science Degree in Networking Services Technology.

COURSE PREREQUISITES: Refer to specific course descriptions listed in the current catalog.
