INFORMATION FOR RESIDENCE CLASSIFICATION

A Florida "resident for tuition purposes" is a person who has, or a dependent person whose parent or legal guardian has, established and maintained legal residence in Florida for at least 12 months. Please note: step-parents do not qualify as a guardian unless the student has been adopted. To qualify as a Florida resident for tuition purposes you must be a U.S. citizen, permanent resident alien, or legal alien granted indefinite stay by U.S. Citizenship and Immigration Services. **Living in or attending school in Florida will not, in itself, establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents.** Residence in Florida must be for the purpose of establishing a permanent home and not merely incident to enrollment at an institution of higher education.

INDEPENDENT STUDENT

INDEPENDENT STUDENT. A student who meets any one of the following criteria shall be classified as an independent student for the determination of residency for tuition purposes:

1. The student is 24 years of age or older by the first day of classes of the term for which residency status is sought at a Florida institution;
2. The student is married; (Copy of marriage license or, if appropriate, divorce decree, or most recent tax return showing the marital status is required.)
3. The student has children who receive more than half of their support from the student; (Copy of most recent tax return listing child as a dependent.)
4. The student has other dependents who live with and receive more than half of their support from the student.(Copy of most recent federal income tax return listing children as dependents is required.)
5. The student is a veteran of the United States Armed Forces or is currently serving on active duty in the United States Armed Forces for purposes other than training. (Copy of DD214 or military orders is required.)
6. Both of the student's parents are deceased or the student is or was (until age 18) a ward/dependent of the court. (Copy of parents' death certificates or a court order or letter from Children and Family Services is required.)
7. The student is classified as an independent by the financial aid office at the institution;
8. The student submits documentation that he or she provides fifty (50) percent or more of the cost of attendance for independent, in-state students as defined by the financial aid office. (Copy of most recent federal income tax return, W2 form, or employer earnings verification required.)
