

Charlotte Campus Library News – Summer Update

If you've been waiting for an excuse to visit the Charlotte Campus Library, here it is: 65 brand new Dell computers! Yes, our old computers have all been replaced, and the new ones have several benefits for you:

- Faster access to documents, databases, class materials and websites
- Better and faster access to course materials such as textbook CD-ROMs
- Bigger monitors
- And best of all: all of the USB ports and headphone connections are out in the open for easy access! No more trying to fit a flash drive into a little tiny space behind a door and then forgetting it because it's out of sight.

Visit the library soon and be one of the first to use a new computer!

While you're in the library, be sure to get a library card. You need it to access journal articles and databases, read ESC electronic books, and to request books from other libraries. If you are going to print from the computers in the library or Academic Success Center, or use the photocopier, you also need an ESC print card, which you can purchase in the library. Be sure to bring a one dollar bill (\$1), because the print card dispenser requires it. Printing on campus is 5¢ a page, 25¢ for color.

See you soon at the Charlotte Campus library!
