Federal Subsidized Stafford Student Loan

The Federal Stafford Loan program enables students to borrow directly from participating lenders. Students pay no interest on the loan until they begin repaying the loan. Payments will normally begin six months after the student is no longer enrolled at least half-time. The student may be allowed up to 10 years to repay the loan. *This loan requires a separate application available on the College website at www.edison.edu or at a financial aid office. Stafford loans will not be processed without a Loan Request Form*

Annual loan limits are for all Stafford loan programs:

- First year students \$3,500
- Second year students \$4,500
- Baccalaureate degree students \$5,500

Federal Unsubsidized Stafford Student Loan

Unsubsidized Federal Stafford Loans are low-interest loans through lenders. Students that qualify are responsible for paying the interest that accrues. Submit the Loan Information Form to accept the loan award.

Scholarships are subject to the criteria set by the State, institution or private donor. Please contact the Financial Aid Office on your nearest campus if you need additional information or have specific questions.

Aid Policies that Affect You

Academic Progress Policy for Financial Aid Recipients

Students receiving financial aid must be in good standing at Edison College and maintain satisfactory academic progress. [Please read and become familiar with the Edison's Academic Progress Policy for Financial Aid Recipients](#) available in the college catalog or in the Financial Aid section at www.edison.edu.

Withdrawal & Refund Policies

Students who wish to withdraw must follow Edison's withdrawal policy. If you officially withdraw or stop attending all courses you may be required to repay all or part of the financial aid disbursed to you in the term you withdraw.

Students receiving federal funds may be required to repay aid determined to be "unearned." The earned/unearned calculation is based on the percentage of days you attended during the term in which you withdrew. The amount of aid you have earned is determined on a pro-rata basis. That is, if you completed 30% of the term in which you withdrew, you earn 30% of the federal aid you received. Once you have completed 60% of the term, you are considered to have earned all of your aid. Additional information on the calculation of unearned aid is available in the registration section of "My Edison" at www.edison.edu.

Please Note:

1. You may also be required to repay other federal, state, institutional, or private student financial aid programs based on the terms and conditions associated with those programs.
2. Edison is required to return to the applicable federal program account the unearned percentage of institutional charges (tuition, fees, on-campus housing). You may be billed by Edison for any funds returned on your behalf.
3. Edison's tuition refund policy is separate from the federal requirement to return unearned aid. Whether or not you receive a tuition/fee refund has no bearing on the amount you must repay under this formula.

Attendance

Attendance in all classes for each term must be verified by the professors before financial aid funds can be disbursed. If an instructor fails to report a student's attendance the student will be responsible obtaining the required information before financial aid can be disbursed.

Transfer Students

Transfer students who are eligible for financial aid funds must have all prior academic transcripts evaluated for standards of academic progress before financial aid funds can be disbursed. Refer to the college catalog for additional information.

There are additional financial aid policies you should familiarize yourself with by referring to the college catalog and the student handbook.
