Business Ethics Seminar

Did you know that the understanding of business ethics allows all businesses, including those in the medical field, to make smarter business, social, legal, and ethical decisions? The knowledge of specific ethical issues and how to address them is critical in the business environment.

A thorough review of ethics issues will be addressed at this seminar. Included are suggestions on how to make better ethical choices regarding such concerns as

- issues management
- crisis management
- employment discrimination
- employee privacy, records, safety, and health

Ethics issues must be considered and addressed in a timely and effective manner. If they are not so addressed they can lead to business stakeholder discontent, and potentially lead to legal consequences for the business entity.

Dates: Tuesdays -TBA

Time: 2-5pm

Cost: \$100

Location: Edison College, Fort Myers Campus, room to be announced

Instructor: Join Sandi Towers, J.D., PhD, an attorney and a thirty-five year business veteran, for an enlightening, inspiring, and hands-on seminar on everything you wanted to know about business ethics, but were afraid to ask.
