

Center for Professional Development

Certified Information Systems Security Professional (CISSP)

This 40 hour course will prepare students for the International Information Systems Security Certification Consortium or (ISC)²® CISSP Exam. The course also has a hands on component to help the student to better understand the required concepts as outlined by (ISC)²® www.ISC2.org.

Required Book:

CISSP: Certified Information Systems Security Professional Study Guide (Paperback), 4th edition (July 8, 2008) by James Michael Stewart, Ed Tittel, Mike Chapple **ISBN-13:** 978-0470276884

Optional reading material, but highly recommended: CISSP Certification All-in-One Exam Guide, Fourth Edition (Hardcover) by Shon Harris **ISBN-13:** 978-0071497879

Eligibility requirements to obtain the CISSP certification as per ISC2®: Please refer to <https://www.isc2.org/cissp-how-to-certify.aspx> for detail requirements to obtain ISC2® CISSP certification. If you lack the professional experience required, you can still become an Associate of ISC2® - <https://www.isc2.org/how-to-become-an-associate.aspx>.
