

Center for Professional Development Learning To Draw- Drawing I

Have you always wanted to draw but thought you didn't have the skills? Well wonder no more! This beginning drawing class will teach you to see your ideas and put them on paper. You will learn multiple techniques of contour drawing, perspective, depth perception, line drawing and much more. This not only the beginning of developing your skills as an artist but the beginning of a new way to visualize everyday objects. You will also learn drawing vocabulary, art history, format and composition. All of this knowledge and you get to have a lot of fun doing it.

Cost: \$180.00

Location: Edison State College, Lee Campus, room to be announced

Course Syllabus Available On Request

Instructor: Marian Balke's art degree was a culmination of love of art as a child and a lot of tenacity. It took me 42 years to graduate and I have taken my attitude from my senior thesis. My thesis was titled "Art is Not Optional", taken from a carving on a stone at the entrance to the Art Academy when the Academy was located in Eden Park, adjoining the Cincinnati Art Museum. I have found that everything I do has to involve art in some way; it is not optional in my life.
