

Center for Professional Development

Haitian Creole

This 8 week Haitian Creole course is for those looking to develop or improve their language skills and is designed to meet the needs of individuals who plan to conduct research in Haiti or in the Haitian Diaspora or work in a volunteer or professional capacity either in Haiti or with Haitians abroad.

With a growing Creole speaking population in Southwest Florida, such courses can benefit professionals in fields such as education, religion, social work, hospitality, construction, medical, legal, and court interpreting services. In addition to class work, all coursework will make use of cultural activities to enhance the study of the language and students' appreciation of cultural diversity.
