## **Intravenous Therapy for RN's Edison Certification course**

Participants will receive hands-on practice with our IV simulation manikins in this 16 hour class.

Topics include:

- infection control
- central line use
- assessment and care
- fluids, electrolytes, blood, plasma, albumin and TPN therapy
- medication math formulas and dosage calculations
- legal issues
- scope of practice for RNs will be discussed

Participants (RN's) will be given an Edison State College Certification of completion and this will attract CE credits
