

iPhone Basics & Beyond

Explore iTunes for Mac and Windows and learn why it is the best digital jukebox with the #1 music store inside. We'll show you how to import and organize your music, burn CDs, buy music or audio books from the iTunes Music Store, create playlists, and share your music. Then you will learn how you can take your favorite music and even photos with you wherever you go on your iPhone. Get to know the new iPhone 3GS, 3G and 1G in a interactive workshop that introduces you to the the new features of iPhone 3.0 including the new features to the 3GS, video recording, Voice Control, Compass, plus much more.

Materials: iPhone and laptop with latest iTunes installed (if available)

Dates: Saturdays (2 Hour Workshop- 1 day only)

- This class can be scheduled for groups of 5 or more. Prices depend on how many students attend. Call to set up date and for pricing information.

Time: 10:00am to 12:00pm

Location: Edison State College, Lee Campus, room to be announced

Cost: Contact Continuing Education for Pricing

Instructor: Ryan Roark spent several years as an instructor for Apple workshops in SW Florida. He is highly trained and educated in the everyday usage of the Apple Computer and associated technology such as iPhones, MAC's and iPod touch. He is currently developing a DVD specifically to train new iPhone owners about their phone.
