### **LEED Green Associate Exam Prep Webinar**

This webinar delivers the same content as the classroom, with a live instructor, in real time, via the Internet. It's completely interactive - ask questions and get answers from the instructor. This webinar series includes 8 hours of live instruction and is perfect for people in geographic areas without a live course and for people whose primary concern is cost and scheduling. Please note that all times for webinars are listed below in EASTERN STANDARD TIME.

#### Course objectives –

1. Synergistic Opportunities and LEED Application Process
2. Project Site Factors
3. Water Management
4. Project Systems and Energy Impacts
5. Acquisition, Installation, and Management of Project Materials
6. Stakeholder Involvement in Innovation
7. Project Surroundings and Public Outreach

**Audience** – Architects, Developers, Engineers, Builders, Lawyers, Real Estate Professionals, Contractors, Students, Property Managers, and anyone else interested in passing the Green Associate Exam. This exam is the first step toward becoming LEED® Accredited regardless of your background.
