MEDICAL BILLER TRAINING PROGRAM

As a Medical Biller, you will process medical claims for a variety of insurance carriers. This program is designed to prepare students with the knowledge, competencies, and technical skills for entry-level positions as a Medical Biller.

This course combines 126 hours of classroom instruction with a 120-hour externship to provide you with a complete learning experience.

Upon successful completion of this course, the student will receive a certificate of completion as having completed the training requirements of Medical Billing. Once the student is established in the profession, the student may seek professional certification with one of several organizations.

This program was designed to introduce students to the major nationwide medical insurance programs, give students a basic knowledge of the national diagnostic and procedural coding systems and simplify the process of filing claim forms.

Objectives and Outcomes:

1. At the end of the course the student will be able to:
2. List and discuss the responsibilities of health insurance specialists.
3. Outline the confidentiality issues in the transmission of sensitive patient records via facsimile and the Internet.
4. Describe the authorization process for a patient requesting an appointment.
5. List the managed care models.
6. Apply the basic steps in coding diagnoses using the ICD-9 coding system.
7. Explain the basic format of the CPT-4 system.
8. Accurately code inpatient and outpatient procedures using HCPCS Level I and II codes.
9. State the processing steps that must take place before a completed form can be mailed to the insurance company..
