

## Center for Professional Development

### Pharmacy Technician Preparation Program

This comprehensive 50 hour course will prepare students to take the Pharmacy Technician Certification Board's PTCB exam and begin a career as a Pharmacy Technician. Technicians work in hospitals, home infusion pharmacies, community pharmacies and other health care settings – working under the supervision of a registered pharmacist.

Course content includes:

- Medical & Pharmaceutical terminology and abbreviations specific to the field of pharmacy
- Reading and interpreting prescriptions
- Defining the top 200 drugs by generic and brand names
- Dosage calculations
- I.V. flow rates
- Drug compounding
- Dose conversions
- Dispensing of prescriptions
- Inventory control
