US Coast Guard Boat Master Online Course + Test

Edison College, in partnership with the Atlantis Maritime Academy Inc., is pleased to offer a U.S. Coast Guard Approved Online Operator of Uninspected Passenger Vessels course. (Six-Pak)

Save yourself months of preparation time by letting Atlantis Maritime Academy lead you through the Coast Guard licensing process. The Academy is an approved training facility, which means the licensing exam can be administered on site at Edison College, saving you the headache and red tape of dealing with a regional exam center.

The Operator of Uninspected Passenger Vessel (OUPV) prepares the student to meet the qualification requirements for a US Coast Guard OUPV in Near Coastal waters. The OUPV license allows you to take up to 6 passengers for hire. If you want to be a powerboat or sailing instructor, take paying passengers for a cruise on your boat, or be hired as a skipper for a commercial vessel, you need this course.

Date: TBA

Cost: \$ 450 - includes all course materials, instruction, charts, 347+ page study guide, five proctored exams, and Certificate of Completion.

Exam: Held at Edison College - no traveling to the Regional Exam Center for U.S.C.G. exams.

Location: Edison College, Fort Myers Campus, room to be announced

[Advance registration and payment to the Cont. Ed. Office is required](#)

Seats are limited, so register today!
