# **REDUCE YOUR ACCENT**

## **Speech Improvement for the Spanish to English Speaker**

Ever wonder what others think of your speech and voice? This course is custom designed for Spanish to English learners to enhance the clarity of their speech, vocal melody and expressiveness, and confidence in speaking to others. It is not a course to learn the language, but rather a course to learn to fine tune your speaking ability in American English.

Class sessions will provide intense practice in articulation, accent reduction, breath support, pitch and melody, and stress and accent. Students will also become aware of their overall communication impression. Supplementary internet resources will be identified so each student can practice between sessions.
