

Center for Professional Development

Creative Clay

This 6 week class will teach the basics of hand building with clay. We will learn coiling, slab construction, layering in a mold, pinching, and other techniques to make mugs, vases, sculptures, dinnerware, tiles and other forms.

A new project will be presented each week to challenge your imagination. Surface decoration, glazing, slip decorating and kiln firing will be included. Bring your imagination and learn the joys of working with clay.
