

Center for Professional Development Pottery-Wheel Throwing for Beginner

This is the class to learn the basics of Wheel-thrown pottery. The beginning potter will learn to prepare the clay to work on the wheel and learn the basic skills of centering and throwing bowl, cylinder and plate forms. Students will have the opportunity to learn how to load and unload bisque and glaze kilns and understand firing techniques. Studio safety and etiquette will be reinforced throughout the class.

Dates: Friday's (8 week sessions)

- May 27th –July 15th, 2011
- August 19th – October 7th, 2011

Time: 9:00am- 12:00pm

Cost: \$180. –includes materials and tools kits

Location: Edison State College, Lee Campus, room to be announced

Instructor: **Lori Patton** I studied Studio Art at the University of Central Florida, where I received my Bachelor's of Art degree in Studio Art with a specialty in Ceramics. While in school I participated in our potter's guild, was on the dean's list, and lectured on lusterware for the Persian /Iranian conference held at UCF. I love clay! It has the most history, is used in every culture all over the world, the oldest forms of art, the most forgiving mediums to work with,(you can always start over). I love throwing on the wheel, with some practice, you can achieve amazing results.
