

Center for Continuing Education

Wire Working Jewelry

Learn the basics about wire, the tools used in working with wire and how to use various techniques to make wire jewelry. Explore some of the uses of wire in jewelry throughout history.

Several simple basic shapes and techniques will be taught. A number of designs will be shown using the basics and to improve the students skills in combining different shapes and techniques to create their own unique pieces of jewelry.

Materials for student to bring: (can cost from \$20 - \$40)

- Flat nose pliers
- Chain nose pliers
- Round nose pliers
